## Y. M. C. A. GOES DOWN BEFORE CARROLL

Institute Basketball Team Wins Fifth Game.

## WILLIAMS GETS LONG GOAL

Association Player Puts Ball in Basket From Center of Field—Robby's Good Work.

For the fifth consecutive time the Carroll Institute Basketball Team defeated the Young Men's Christian Association in the association gymnasium last night by a score of 18 to 12.

For the greater part of the contest the large crowd in the gallery surrounding the field was treated to a splendid exhibition.

At the end of the first half the Association team had a lead of one point, with the score of 9 to 8, but in the second period of play Carroll's work improved very noticeably and they soon overcame the lead and won with a liberal margin.

### Played Well Together.

The Y. M. C. A. men played well together and most of the attempts at goals were successful. At the beginning of the second half the home team had half a dozen chances at the basket, but each time the ball was thrown wide of the mark.

The discipline of the Carroll players was rather poor and constant objection to decisions detracted considerably from the work of the team. The players did not cover their opponents as well as they did in the other games, but, in the second half the team got together and showed real form.

The greatest feature of the game was a beautiful goal from middle of the field by Williams, of the Association, and another score from one side of the field by Robby of Carroll.

### The Score.

Washington Y. M. C. A.—Lackland, left forward; Leach, right forward; Schlosser, center; Williams, left guard; Fowler, right guard.

Carroll's—Cramer, left forward; Cullen, right forward; Robby, center; Hollander, left guard; Kern, right guard; Timmer, J. Colliflower, Timmer, O'Shea and Decker, Referee, C. Woodhead, Scorers, Tanner and Allen. Score—End first half, Washington Y. M. C. A., 9; Carroll Institute, 8. Score—End game, Washington Y. M. C. A., 12; Carroll Institute, 18. Goals from field thrown by Leach, 2; Schlosser, 1; Williams, 4; Cramer, 2; Cullen, 2; Robby, 3; Kern, 1. Free throw shot by Leach, 2; Cramer, 2.

## RAPID WATER WON FEATURE EVENT

NEW ORLEANS, Feb. 4.—Weather cold and disagreeable after last night's rain. Track in fair condition. The feature of the day's card was the Merchants' Handicap, at a mile, of a gross value of \$2,480. It brought out an excellent field, and developed a good race. It was won by Rapid Water at 3 to 1.

One of the odd things about the schedule is that Yale's first game of the season is set down for March 22, which is a week earlier than the Georgetown team—with headquarters in the sunny South—is to begin its series at home.

## FOREIGN AUTOISTS ANGRY AT FRENCH

Protest Against Big Cup Race Arrangements.

## ACTED DISCOURTEOUSLY

Did Not Consult Other Clubs Before Announcing Details of Contest for Bennett Cup.

PARIS, Feb. 4.—Entries are coming in but slowly for the French automobile trials which will give French cars the right to race for the Grand Prix and Gordon Bennett cup. Some dissatisfaction, it appears, is felt with regard to the entry fees.

Meantime, Austria and Switzerland, in addition to England, denounce the decision of the French club to hold the two races simultaneously. So far, Germany has made no official declaration.

It is contended that the French club acted discourteously in not officially bringing the scheme before the other clubs, instead of springing it on them at the last moment through the columns of the daily press.

### England Disgruntled.

The Automobile Club of Great Britain has not yet dealt with the reply received from the French club but the arguments contained therein are not likely to convince it that it was wrong in protesting.

The strongest argument of the French club is that in 1901 and 1902 the Gordon Bennett race was run in conjunction with other big road races, but it overlooks the fact that these races were strictly away routes, not on a circuit, as this year's race will be. This point is considered of vital importance by the English club.

## SCHEDULE FOR VALE BASEBALL REVISED

No Game Between Georgetown and Holy Cross Contests in May. Opens Early.

NEW HAVEN, Conn., Feb. 4.—The Yale Baseball Association today announced a revised list of games for the coming season. The list does not differ from that published six weeks ago, except that the dates May 24 and May 30 are omitted. In the former schedule May 24 was left open.

The new schedule leaves no game between the Holy Cross match set down for May 20 and the Georgetown game scheduled for May 27. A conditional game was arranged for Memorial Day with Brown at Providence, but Yale has given this up because of the fact that this comes on Tuesday, the date of the annual initiations into the junior fraternities. It looks now as if the Yale nine would have no Memorial Day game. If one were played it would be here, and the Grand Army of this city has a standing protest against Yale playing at home.

One of the odd things about the schedule is that Yale's first game of the season is set down for March 22, which is a week earlier than the Georgetown team—with headquarters in the sunny South—is to begin its series at home.

## PRINCETON EXPECTS STRONG TRACK TEAM

Five Members of Last Year's Squad Are Missing, But There Are Many Veterans.

PRINCETON, N. J., Feb. 4.—During the midwinter lull in athletics the undergraduates at Princeton are looking forward to the development of a track team with considerable interest, and an inventory of the material on hand promises a strong team for the coming spring meets.

The five members of last year's team who were lost by graduation are former Capt. L. H. Adair, in the distance runs; F. R. De Wit, in the weights; J. N. Carter, in the hurdles; G. Fox, in the broad jump, and G. M. Goldsmith, in the quarter-mile. The loss of these men will necessarily handicap the squad, as they were all point winners in the last intercollegiate, with the exception of Goldsmith.

The members of last year's team who are eligible are: Capt. R. E. Williams, in the half-mile and mile; S. Rulon-Miller, 1907, who won fourth place in the hundred at the intercollegiate games; J. R. De Wit, 1906, in the high jump, the winner of the collegiate championship of the United States at St. Louis, in June; L. Elsie, 1906, in the two-mile; J. C. Aties, 1907, in the quarter-mile; J. L. Grimes, 1905, in the broad jump; J. H. Moore, who vaulted 11 feet 9 inches in the Olympic games at St. Louis, will return to college in February, while J. H. Neulle, 1906, of Hartford, who was unable to compete last year because of the one-year rule, will be eligible this spring.

The football game stands over the track it was impossible to hold the annual fall games this year, but they will be held in the spring. Instead, besides the scheduled dual meets, Princeton will this season hold the annual Caledonian games and the interscholastic meet.

MINNESOTA TO HOLD RELAY MEET IN MAY

MINNEAPOLIS, Feb. 4.—The University of Minnesota has decided to hold a great field meet at Northrop Field on May 13.

The event is intended to be similar to the big track meet which is held at Philadelphia. Invitations will at once be sent to all the Western colleges and to 100 preparatory schools. Relay races will be made a prominent feature and handsome trophies offered.

## SULLIVAN'S HARD TASK ON FRIDAY

Will Meet Tough Customer in "Kid" Broad.

## WEIGHT TO BE 130 POUNDS

Washington Boxer Will No Longer Fight at Catch Weights—Both Have Met Hanlon.

BALTIMORE, Feb. 4.—"Kid" Sullivan, of Washington, the popular little knight of the ring, and "Kid" Broad, of Cleveland, one of the best-known featherweights in the country, will furnish the main bout at the next weekly meeting of the Eureka Athletic Club, Friday night.

The boys are to go fifteen rounds and should furnish an interesting set-to. The match hung in the balance for a number of days because of the weight question. Sullivan contended for 120 pounds at 3 o'clock on the day of the battle, and firmly stated that sooner than agree to anything else he would let the match go by Broad and his Philadelphia manager, Joe Macias, wanted the set-to made at catch weights, and it required a good bit of talk to bring Broad around to make 130 pounds at 3 o'clock.

Broad has been in the ring for a number of years and is master of all of the little tricks of the trade that come with experience, while Sullivan has been a professional boxer but a few years. Local enthusiasts are well aware of his abilities and know that he can take as well as give a bit of the gaff. In Broad, Sullivan will be meeting one of the toughest men that he has yet encountered and the match will be no easy affair for him.

On form the battle looks mighty good. Sullivan went ten rounds with Eddie Hanlon last year in this city and the battle was a corker. Many thought that had the bout continued the Washington lad would have proved the winner. Broad also tried conclusions with the little Frisco lad and lost to him on a technicality in the fourth round. Up to that time the bout was a fast one with Broad holding his own against his rugged little opponent.

With an advantage of two yards at the beginning of the final quarter, Taylor simply romped away from Johnson, of Yale, with Overland, of Cornell, close on Taylor's heels, seemingly without effort, outstripping the other two men, and when the final lap was begun he simply left them as if they were standing still. He won easily by twenty yards. Overland passed Johnson in the final strides and took second place by two yards.

Taylor was accorded a wildly enthusiastic ovation by the athletes and spectators who watched his fine performance.

Planagan Made Record.

F. R. Castleman, of the Irish-American A. A. team, won the final of the opening dash, a handicap at 60 yards, from the 12-foot mark, beating Dan Frank, of the New West Side A. C., who had 13 feet, by half a yard in 6-2-5 seconds. Just a year ago this event was won by Castleman who, at that time, had an allowance of feet.

John Planagan, of the Irish-American A. A. team, won the contest for throwing the 28-pound weight and established a new American record, of 39 feet one-half inch.

Summaries.

60-yard run—Handicap. Won by F. R. Castleman, Irish-American A. A. (2 feet); Dan Frank, New West Side A. C. (13 feet); second, W. Chisotti, St. Bartholomew's A. C. (15 feet); third, Time, 6-2-5 seconds.

Two-mile relay race—Handicap. Won by the Xavier A. A. team (14 yards); Irish-American A. A. team (70 yards); second, St. Bartholomew's A. C. team (122 yards); third, Time, 8:33 3-5.

60-yard run—Novice. Won by H. N. Perry, Yale University; W. Bursch, attached, second; E. P. Hadnick, Central Y. M. C. A., Brooklyn, third. Time, 1:23 2-5.

One mile and one-half run—Handicap. Won by D. C. Munson, Cornell University.

## Joyce Is Now Champion Long Distance Runner

Captures Ten-Mile Race in Irish A. A. Games in New York—Penn Easily Won Intercollegiate Relay.

NEW YORK, Feb. 4.—John J. Joyce, of the Irish-American Athletic Association, was the star performer at the indoor athletic carnival of the organization, which was witnessed by over 6,000 people in Madison Square Garden to-night.

This sterling athlete, although twice beaten last year by the Irish champion, John J. Daly, has proved himself to be the best distance runner in America, winning the ten-mile amateur athletic championship in baggy fashion from W. Frank by a margin of twenty-five yards.

Joyce Always Ahead.

At no stage of the contest was the issue in doubt. Joyce was continuously in the lead, with his clubmate, W. Frank; the old bicycle rider, Mike Spring, of the Pastime Athletic Club, and Sam Keller, the last being former winners of the Boston-Marathon road race, in close attendance all the way.

The closest finish of the night was that between H. Christoffers, of New York, and Joseph McGucken, of Philadelphia, in the one-mile relay race between teams of four men each, representing New York, Philadelphia, and Buffalo.

H. Christoffers and McGucken seemed to break the tape at the same moment, but the judges decided that the local man won by a few inches.

Penn Took Relay.

There was plenty of enthusiasm shown by the crowd during the earlier contests, but when the final quarter of the intercollegiate relay race was being run there was a tumult of applause and excitement which shook the building.

All this was caused by the wonderful performance of J. D. Taylor, a negro runner, who has made himself famous as a quarter-mile runner, who was chosen to run the last relay for the University of Pennsylvania.

With an advantage of two yards at the beginning of the final quarter, Taylor simply romped away from Johnson, of Yale, with Overland, of Cornell, close on Taylor's heels, seemingly without effort, outstripping the other two men, and when the final lap was begun he simply left them as if they were standing still. He won easily by twenty yards. Overland passed Johnson in the final strides and took second place by two yards.

## Comment and Gossip On Amateur Sports

McGettigan a Good Choice—George Washington's Track Support—National Regatta at Baltimore.

The Georgetown football team is to be congratulated upon the selection of Ferd McGettigan as captain for next fall.

During the past two years as a member of the eleven the new captain has made an enviable reputation as one of the leading quarterbacks of the South, and in his time on the team has given indications of being possessed of the qualifications which go to make up the successful leader. Himself a player of exceptional ability, he has the advantage of position, which is the best from which to direct a team, and has had, with the confidence of every member of the squad.

It is only during the past two seasons, when the fine showings against Princeton brought the local teams to the notice of followers of the gridiron sport, that Georgetown has been considered an important factor in the intercollegiate world of football. Two seasons ago, when Hub Hart's team went to Tigertown and held the destined champions of the year to a single touchdown, the Blue and Gray received much favorable comment. Again last October, when the eleven developed by Graduate Coach Reilly played Princeton to a standstill for half an hour and kept the Georgetown goal uncrossed until the Princeton coaches had put in an almost entirely fresh team, it was acknowledged on all sides that Georgetown had come to the front in the ranks of the minor colleges to stay.

Next season Georgetown will have a much harder schedule than any of the teams that have represented the local university on the gridiron. The list of games last fall was rather discouraging, and when at the last moment Lehigh backed out of the Thanksgiving engagement the Blue and Gray team was robbed of its final opportunity to add to its fine record by meeting Lehigh on Georgetown Field.

The schedule for next season will not be ready for some time yet, but when it appears it will contain a number of teams which it has not shown in the past.

Nothing has as yet been done in the matter of naming the coach for next fall, and nothing is expected for some time, although it is generally understood that the graduate coaching system, which has been such a success during the past two years, will be adhered to, with the chances in favor of Dr. Reilly in charge.

The past week marked the beginning of a determined effort at George Washington to place field and track athletics on a firm basis, and get out a team to compete in a number of local and out of town meets during the outdoor and indoor seasons.

It is the intention of those behind the boom to enter a team and several individuals in the Georgetown meet at Convention Hall, on February 25, and in the Pennsylvania relay carnival at Franklin Field in April.

One of the greatest setbacks which the management of the embryonic organization will have to face will be the feeling among the students that the team should at once jump into prominence and compete with the best in the country on the cinder path. This is a mistaken idea, and during the time of development of the team the supporters must expect to see their team defeated as often as victorious.

The feeling of "winner or nothing" was what made some of the Buff and Blue supporters take the overwhelming defeat at Georgetown Field last November as though it were a catastrophe instead of the result to be expected when an inexperienced, first year team meets one of the foremost eleven among the minor colleges.

At the coming meet the George Washington relay team is to make its initial appearance, and should be given the undivided support of the whole student body whether defeated or victorious.
